Chicago, Illinois

+ acumed®

Foot & Ankle Trauma and Reconstruction

Course Overview

This one-day intensive course provides opportunities for hands-on cadaveric workshops, didactic lectures, and in-depth case discussions. Our expert faculty deliver advanced instruction for common and uncommon lower extremity treatments and injuries, while showcasing and sharing their clinical experience, tips, pearls, and current treatment trends.

Target Audience

The Acumed Foot and Ankle Surgical Skills Course is intended for practicing orthopaedic surgeons and DPMs with 5 or more years of experience. Course content is also relevant for traumatologists or generalist interested in learning advanced treatment options for fractures and complex reconstruction techniques.
