Uniting Our Strengths to Better Serve Customers

OsteoMed is Acumed

We've united under one name—Acumed—to deliver even greater value, reliability, and quality in healthcare solutions. While the name has changed, our commitment to surgeons, patients, and innovation remains stronger than ever.

A Strategic Union Rooted in Innovation: TECHFIT Digital Surgery Joins Acumed

Acumed has acquired TECHFIT, a leader in patient-tailored implants and digital surgery planning. This strategic expansion enhances our portfolio with cutting-edge surgical solutions providing clinicians with precision, personalization, greater efficiency, and improved patient outcomes.

Committed

At the heart of everything we do is a commitment to a patient-centric mission and a culture guided by our Foundations of Excellence; education, innovation, evidence, and quality. With combined strength and a shared vision, we are better equipped to help healthcare professionals restore function and improve patient lives.
